

Willie Nelson, Did I Ever Love You

Did I ever ever love you?
Did I ever really care?
All the times that I cried for you
Did I really want you there?
Wiser man then I have wondered
About love and never knew
Did I ever love you?
I guess I still do

All the nights that I spent cryin'
All those lonely loss of times
Was it my imagination?
Was it only in my mind?
Wiser man then I have wondered
About love and never knew
Did I ever love you?
I guess I still do
