

Willie Nelson, I Don't Do Windows

You treated me like a doggone dog for so long,
And I went along just to keep peace in our home.
But theres one thing I want to do, I think it's time
that I tell it to you:
I don't do windows
and I won't go to Hell for you.

Although honey Hell is what you put me through,
I'll wash the floors if it keeps you from coming unglued,
and I'll clean the stove just to keep yopu in a good mood.
but you've been mean to me sometime,
I think I'm gonna tell you whats on my mind:
I don't do windows
