

Willie Nelson, Release Me

Release me darling let me go I don't love you anymore
To live together is a sin release and let me love again
Oh I have found a new love dear and I'll always want her near
Her lips are warm while yours are cold release me darling let me go
Please release me let me go I don't love you anymore
To live together is a sin release and let me love again
Please release me let me go...
