

# Willie Nelson, Release Me

Release me darling let me go I don't love you anymore  
To live together is a sin release and let me love again  
Oh I have found a new love dear and I'll always want her near  
Her lips are warm while yours are cold release me darling let me go  
Please release me let me go I don't love you anymore  
To live together is a sin release and let me love again  
Please release me let me go...
