

Willie Nelson, Some Enchanted Evening

Some enchanted evening you may see a stranger
You may see a stranger across a crowded room
And somehow you know you know even then
That somewhere you'll see her again and again
Some enchanted evening someone may be laughing
You may hear her laughing across a crowded room
And night after night as strange as it seems
The sound of her laughter will sing in your dreams
Who can explain it who can tell you why
Fools give you reasons wise men never try
Some enchanted evening when you find your true love
When you feel her call you across a crowded room
Fly to her side and make her your own
All through your life you may dream alone
Once you have found her never let her go
Once you have found her never her never her let go
