

# Willie Nelson, The Troublemaker

I could tell the moment that I saw Him  
He was nothing but the troublemaking kind  
His hair was much too long  
Aand His motley group of friends  
Had nothing but rebellion on their minds.

He's rejected the establishment completely  
And I know for sure He's never held a job.  
He just goes from town to town  
Stirring up the young folks  
'Til they're nothing but a disrespectful mob.

And I know for sure He's never joined the army  
And served His country like we all have done.  
He'd rather wear His sandals and His flowers  
While others wage the war that must be won.

They arrested Him last week and found Him guilty  
Aand sentenced Him to die but that's no great loss.  
Friday they will take Him to a place called Calvary  
And hang that troublemaker to a cross.  
MmmmmmmHmm.....
