

# Willie Nelson, These Lonely Nights

Lonely nights I cannot sleep I just lie awake and weep  
Wondering if I'll get a chance to make things right  
Don't you have a heart at all  
Can you see my teardrops fall  
They are tears I shed for you these lonely nights

Won't you reconsider this  
You're the one dear, that I miss  
Won't you come back here and say you'll be mine

We could be so happy then  
I would love you till no end  
There would be no broken hearts no lonely nights
