

Willie Nelson, Today I Started Loving You Again

Today I started loving you again
And I'm right back where I've really always been
I got over you just long enough to let my heartaches mend
And then today I started loving you again

What a fool I was to think I could get by
With only these few teardrops that I've cried
I should have known the worst was yet to come
And that crying time for me had just begun
And today I started loving you again...

(guitar)

Today I started loving you again...
