

# Windows95man, No Rules (Finlandia - piosenka)

Welcome  
My name is Windows, Windows95man  
And I only live by one rule  
And the rule is no rules  
(No rules)

Silence, I say  
This is my time, my stage  
Call me what you may, see if I care, see me slay  
Is there something wrong with the way I look?  
Is there something wrong with who I am?  
If I'm not alright, tell me why do I feel so beautiful tonight

No rules  
It's how I live, how I find the wind beneath my wings  
It's how I learn to fly  
(Let's go)  
No rules  
In the heat of the night, in the thrill of the fight  
I don't even care what's wrong or right  
It's how I live my life  
No rules

Quiet as I speak  
I am the king, I am the queen  
And you all gonna be free  
Forget the rules and scream  
Is there something wrong with the way I look?  
Is there something wrong with who I am?  
If I'm not alright, tell me why do I feel so beautiful tonight

(Move your body)  
No rules  
It's how I live, how I find the wind beneath my wings  
It's how I learn to fly  
(Come to me)  
No rules  
In the heat of the night, in the thrill of the fight  
I don't even care what's wrong or right  
It's how I live my life

(No rules)  
It's how I live, how I find the wind beneath my wings  
It's how I learn to fly  
(Make some noise, let's go)  
In the heat of the night, in the thrill of the fight  
I don't even care what's wrong or right  
It's how I live my life

No rules  
It's how I live, how I find the wind beneath my wings  
It's how I learn to fly  
(Come on)  
No rules  
In the heat of the night, in the thrill of the fight  
I don't even care what's wrong or right  
It's how I live my life

No rules
