

# Winter rose, One last time

Whoa  
Honey-do  
I guess you really knew your game  
Makes things easier  
Knowing if you feel the same  
Thinkin' of a cool line  
I wanted you to know my kind  
I feel love's in the air  
Hopin' you'll feel inclined  
You're the one kind of fantasy  
Showing all your disguise  
You're the one that's gonna be  
Sharing one last time  
One Last Time  
Who loved you?  
One Last Time  
And who needed you?  
One Last Time  
Just dance for me  
One Last Time

Whoa  
Honey-do  
I love the way you entertain  
Now you live a life  
With no one else to blame  
Screaming for a good time  
Tell me who's next in line  
I feel love's in the air  
I just wanna unwind  
You're the one kind of fantasy  
Showing all your disguise  
You're the one that's gonna be  
Sharing one last time  
One last time  
Who loved you?  
One Last Time  
And who needed you?  
One Last time  
Just dance for me  
One last time  
One last time  
Who loved you?  
One Last Time  
And who needed you?  
One Last time  
Just dance for me  
One last time
