

# Wintersleep, Sore

You've been awake all morning  
Wanting to tell me something  
I know you are scared

You can tell me everything I wouldn't care  
You know that I'll always be there  
Right by your side no matter what  
No matter what

Consciously endure  
Every ache and sore

You can tell me everything I wouldn't care  
You know that I'll always be there  
Right by your side no matter what  
No matter what they say

You can tell me everything I wouldn't care  
You know that I'll always be there  
Right by your side no matter what  
No matter what

Consciously endure  
Every ache and sore  
Consciously endure  
Every ache of yours
