

Wishing Chair, Sometimes

What's the matter girl
Is it something that we lack
We got nothing but the clothes on our back
At least we got love
Sometimes that's enough when it's cold outside

So tell it to me straight
Yeah take it from the heart
We can build it up
Or tear it apart
At least we got love
Sometimes that's enough when it's cruel outside

Baby hold on
Baby hold out
Tell me something that you dream about
At least we got love
Sometimes that's enough
Sometimes

The money's tight
Your patience wearing thin
I bet you're thinking we can never win
So here we go again
Darlin' let me in
We just have to try

Baby hold on
Baby hold out
Tell me something that you dream about
At least we got love
Sometimes that's enough
Sometimes

What's the matter girl...
