

# Within Temptation, Bittersweet

[Bonus track]

If I tell you  
Will you listen?  
Will you stay?  
Will you be here forever?  
Never go away?

Never thought things would change  
Hold me tight  
Please don't say again  
That you have to go

A bitter thought  
I had it all  
But I just let it go  
Hold your silence  
It's so violent  
Since your gone

[REF:] All my thoughts are with you forever  
Until the day we'll be back together  
I will be waiting for you

If I had told you  
You would have listened  
You had stayed  
You would be here forever  
Never went away  
It would never have been the same  
All our time  
Would have been in vain  
Cause you had to go

The sweetest thought  
I had it al  
Cause I did let you go  
All our moments  
Keep me warm  
When you're gone

[REF:] All my thoughts are with you forever  
Until the day we'll be back together  
I will be waiting for you
