

# Within Temptation, Say My Name

Say my name  
So I will know you're back  
You're here again  
For while  
Oh let us share  
The memories that  
Only we can share  
Together  
Tell me about  
The days before I was born  
How we were as children  
You touch my hand  
These colours come alive  
In your heart and in your mind  
I cross the border at a time  
Leave him today behind  
To be with you again  
We weave the air  
Do you remember  
How you used to touch  
My hand  
You're not aware  
Your hands keep steel  
You just don't know  
That I am here  
It hurts too much  
I pray now that soon  
You realized to  
Where you belong  
You touch my hand  
These colours come alive  
In your heart and in your mind  
I cross the border at a time  
Leave him today behind  
To be with you again  
Please say my name  
Remember who I am  
You will find me in the world of yesterday  
You drift away again  
Too far from where I am  
When you ask me who I am  
Say my name  
These colours come alive  
In your heart and in your mind  
I cross the border at a time  
Leave him today behind  
To be with you again  
Say my name
