Within Temptation, The Other Half (Of Me)

Over the hills, lies a new beginning Over the hills Over the hills, there is a way I know it Over the hills

You can't bring all the gloom Your heart is frayed and so empty You glorify the future Living in a different world than me The journey ends in death You are giving up so easily You are the other half of me

Over the hills [4x]

We are drifting apart
Chilled to the marrow, cause you don't want to go
Cause we've got a different wish at heart
The amulet guides us to the other side
When I go down it's you who'll bleed
I'm not scared to die, as long as I'm with you
You are the other half of me

Over the hills, lies a new beginning Over the hills Over the hills, there's a way I know it Over the hills
