Everybody listen out, Damaris know  
Yea, I like that, yea  
Yea, I like that, yea  
Yea, I like that, yea  
Yea, I like that, yea  
Yea, I like that, yea  
Yea, I like that, yea  
Yea, I like that, yea

This that 1989, Uzi on the passenger seat  
Corvette drop top, Ocean Drive  
Hoes out looking at me, danger  
Audio dope slanger, all angles  
Try to hang with that  
Cut you down when they find you swaying  
I don't know new shit, I'm just saying  
Shits serious man, high stakes  
High prices, high bitches in condos  
Suicidal, jumping off the balconies of they high rises  
Trying to see who the fliest and dying  
Any crime is a crime, but crime pays  
99 ways, how many more?  
Dollars can we make before this bitch blow

Till it's all over  
Got money all over, over  
Got jewelry all over, over  
Until it's all over, over  
Got bitches all over, yea  
Got bottles all over, yea  
Sports cars all over, yea  
Until it's all over

This that 1972, riding O'Neil in a Cadillac coupe  
Trying to get out the game, figured 30 bricks of cane  
Be enough to make it rain, work for the whole crew  
Last move then be through  
Settle down with the main bitch  
Maybe skeet skeet a lil junior  
Show him how to do it  
Lay down rules, carry on tradition  
Maintain the cool, first we got to get out the shit though  
Let all of the shit go, get rid of them chick files  
Relocate zip codes, go in complete flip mode  
Bitch know, your old friends, got to forget those  
Life we choose, the shit cold  
Ice on my wrist, blood in my veins froze  
Audio bricks of white gold  
Get your soul, sold

Till it's all over, yea  
Got money all over, over  
Got jewelry all over, over  
Until it's all over, over  
Bitches all over, yea  
Got drugs all over, yea  
Sports cars all over, yea  
Until it's all over, yea

Till it's over, over, all over  
Until it's all over, yea  
Got jewelry all over, yea

Got money all over, yea  
Got bitches all over, yea  
Until it's all over, yea, yea, haha  
Your bitches come over, haha  
Yea, yea, till it's all over (yea, yea)  
Got jewelry all over yea yea yea yea yea yea
