

# Wiz Khalifa, Big Daddy Wiz feat. Girl Talk

Lil' nigga, you ain't built like me  
I don't call her at all but she still like me  
Making a movie, they don't film like me  
They don't start from the bottom, tried to build like me  
You've gotta remember, he don't feel like me  
He don't roll you one up and let you chill like me  
Wear Gucci loafers, I don't feel Nikes  
You shouldn't fuck with him 'less them hundreds peel like these

Like these (Like these), like these  
Rims movin' like skates, say they feel like skis (Feel like skis)  
Like these (Like these), like these  
Take you out on the ocean, feel the real slight breeze

Invite you over but don't steal my keys (Ah)  
Keep our business to ourself, baby, don't spill my tea (My tea)  
Them other niggas, they don't live like me  
I always set out the realest so don't steal my beat

But on a Rollie just to chill my sleeve  
I ride around with the baddest to fulfill my needs  
My needs, my needs  
Tell me she down to do anything that I need  
I drive the whip, I let her roll my weed, no seats  
Baby, don't get no ashes on no seats  
Slow speed for police  
I'm not your ordinary nigga runnin' 'round the streets  
You've gotta have your shit together just to roll with me  
I promise, if you spend the night, you ain't gon' wanna leave  
And if you tell your friend about it, they gon' wanna see  
This ain't a relationship, shit that we in (Ah)  
We just friends with benefits  
Let's kick it in the hot tub, I'll turn on the jets  
Or go to Vegas, wait, I'll go get the check  
You ain't met a nigga yet

Like these (Like these), like these  
Rims movin' like skates, say they feel like skis (Feel like skis)  
Like these (Like these), like these  
Take you out on the ocean, feel the real slight breeze

Invite you over but don't steal my keys (Ah)  
Keep our business to ourself, baby, don't spill my tea (My tea)  
Them other niggas, they don't live like me  
I always set out the realest so don't steal my beat

That's how it is  
When you kick it with a nigga like me  
There's benefits with comin' with that shit  
But don't over do it  
And don't overstay your welcome (Ah)  
And say, "Thank you"  
'Cause I'll say, "You're welcome"
