

# Wiz Khalifa, Don't Lie (Freestyle)

remix of 2 Chainz track "No Lie")

They say I smoke too much  
I say you can't smoke enough in this bitch

OG kush in my eyelids, high as fuck I'm like wireless  
Ain't playing a game, I'm not childish  
Taylor gang we the wildest, taking shots like I'm Irish  
Going to shop for that fly shit, if it's private I'm flying it  
If I like it, I'm buying it, if it's foreign, I'm drivin' it  
If it's potent, I'm smoking it  
That 69 interior look sexy as hell when you open it  
If that kush good, I might roll a bit, wife happy I'm stroking it  
Cover of the source cause my ownership, hating niggas like holy shit  
Club promoters like fly him out, die hard fans like pay the man  
150k for a show, I rub my hands like Birdman  
Ripping jeans and taking drags, popping tags and making swag  
On the internet everyday and you fuck niggas still make us laugh  
I ain't really one to talk shit, but the shit I buy just make us brag  
Clothes small but my money long  
With my gold tooth and my nappy head  
Before you see, you thinking that's a seat  
But a nigga like me treat it like a bed  
Wake me up when it's time to eat, only nigga in first class  
Haha

I say fuck you unless I'm with you  
Though I will probably never diss  
You want me to roll and smoke with you  
Don't lie (Don't lie)  
I say fuck them other niggas  
Man, I'm down for all my niggas, 'cause they down to ride  
Lil nigga say word  
You ain't ever smoke no fire, you ain't never smoke no fire  
Lil nigga, tell the truth  
You ain't ever smoke no fire, you ain't ever smoke no fire  
Lil nigga, tell the truth  
You ain't ever smoke no fire, nigga you a goddamn liar
