Wiz Khalifa, For More

We ain't never gon' fall off We always stand tall in this thing It's the only way we know, it's go hard, you feel me Ayo Cap, what up, Ty what up Raven I see you, Tuki, holla at em man let em know how we do

[Wiz Khalifa:] Been through so much, feel like I been here before And I ain't never gave up once, I'll always be back for more And I done learned so much in the game Made it so far but I'll never change Know they waiting for me to fall off, but I'll be back for more

[Ty Dolla \$ign:] Told her baby that I'll be back for more If the head good you know that I'll be back for sure You and I we been through the most But you never gave up on me You stayed by my side, you my ride or die girl I gave you the keys to the Porsche, gave you the keys to the house Introduced you to moms, girl You should have my babies We should start an empire, we can cuddle by the fire Dolla getting money now, gotta get money now

[Ty Dolla \$ign:] And Dolla never falling off Dolla still rep the Gang Dolla never change up Woah

And Dolla never falling off Dolla still rep the Gang Dolla never change up Woah

Been through so much, feel like I been here before And I ain't never gave up once, I'll always be back for more And I done learned so much in the game Made it so far but I'll never change Know they waiting for me to fall off, but I'll be back for more

I started young, I saw a lot Never questioned if I wanted this bad enough or not Coming up I never thought about the top Now I'm getting closer to it every song I drop Bumps in the road, still moving I was taught to keep it pushing till you get through it Quitting's not an option, what's a boss to a queen Nah, more like what's a queen to a goddess That's always been my mind state, got a taste Now there ain't no going back to the ways when we was unpaid Unemployed, I never had no other choice Had responsibilities that I couldn't avoid

I, never imagined that it could happen this fast Came in the game just turning nothing into something now we counting this cash And I know the higher up that you get means its harder when you fall down So we gotta stay up, stay up, we about to have it all now Got me feeling like I

Been through so much, feel like I been here before And I ain't never gave up once, I'll always be back for more And I done learned so much in the game Made it so far but I'll never change Know they waiting for me to fall off, but I'll be back for more

I wake up on that get I, I push myself to get it I make that product pack it up and seal it Pump that volume if you with it Draw it up and frame it, display it seal it Stack some bread, [?] Action Jackson got it made like special ed Some sexting got you vexing, so mad you sent a text She sent a screenshot back like this nigga losing his mac Dang, intimidated by money reiterate that he funny You silly slacker I'm Taylor'd, I milly rock in some gators I'm ice cold, chilly pimping don't like hoes A-Town stomping, itty bitty thick, booty bumping, shut up and say something Make something, instead of hating on creative ways that make haters say negative bullshit Most because they lost they woman to real niggas So keep ya hustle on hustle, get the M's up don't struggle I'm M&M'ing these suckers, you threw back candy in clusters We move by state to state in these busses, to make our way on these fuckers You charge the game up while they charge the lame up Never put yourself down on the same ground that you would walk on You diss that bitch you get your money and you walk along You walk along, yea

Been through so much, feel like I been here before And I ain't never gave up once, I'll always be back for more And I done learned so much in the game Made it so far but I'll never change Know they waiting for me to fall off, but I'll be back for more
