

# Wiz Khalifa, Let It Go (feat. Akon)

Let it go, let it go homie  
You know we can see through them blinds homie  
And see through the truth and them lies homie  
Just let it go, let it go, let it go  
Oh, oh (Uh, all niggas know what the fuck it is man)  
Oh, oh (Young Khalifa man, hahahahaha)

Uh, I done stayed on top of my game, gained control of my lane  
Paid so much for my frames, put these lil' niggas to shame  
Ordered so many of them bottles  
So many of them bottles, you'd think I'm insane  
Already changed the game once  
I done told you but now I'ma do it and now I'ma do it again  
Tell the club owners we need more sections  
I made these lil' niggas go cop they Rolexes  
You get the venue, you gon' need more bouncers  
And tell the weed man we gon' need more ounces  
Hundred grand in a rubber band  
Use to be the kid, now homie, I'm the man  
Hundred grand in a rubber band  
Used to be the kid, now homie, I'm the man

Let it go, let it go homie  
You know we can see through them blinds homie  
And see through the truth and them lies homie  
Just let it go, let it go, let it go  
Let it go, let it go homie  
You know they can't see what we see homie  
Difference from the real and make believe homie  
So let it go, let it go, let it go

Living my life about peace  
Sharing this money and tryna get all my niggas  
Up off of them streets  
Used to look up to some niggas  
But now it seem that it all come down to me  
Make sure my family gon' eat  
Grinding from up underneath  
Now they just say I'm a, now they just say I'm a beast  
And now all these haters looking at me pitifully  
Cause I'm the shit, literally  
And I be stuntin' when I ride past my old school  
I say fuck the new car, I cop the old school

Let it go, let it go homie  
You know we can see through them blinds homie  
And see through the truth and them lies homie  
Just let it go, let it go, let it go  
Let it go, let it go homie  
You know they can't see what we see homie  
Difference from the real and make believe homie  
So let it go, let it go, let it go

Let it go, let it go, let it go  
So let them go, let them go, let them go  
Let them know  
Let them know, let them know

This time I feel like it's now or never, ain't going nowhere  
So no matter what they say, I'll be here forever  
Even though some folks will make it so you can't win  
Don't need to take it on the chin  
Remember homie, you ain't even gotta hold it in

Let it go, let it go homie  
You know we can see through them blinds homie  
And see through the truth and them lies homie  
Just let it go, let it go, let it go  
Let it go, let it go homie  
You know they can't see what we see homie  
Difference from the real and make believe homie  
So let it go, let it go, let it go

Let it go, let it go, let it go  
So let them go, let them go, let them go  
Let them know  
Let them know, let them know
