

Wiz Khalifa, Mafia Music (Remix)

Okay

Victory I envision, so my mission is to win
One look at my arm, she like "Wizzle, where your skin?"
Hatin' niggas talk, hear their whispers in the wind
But I don't wanna do 'em harm, so I kill 'em with my pen
Nicky Santoro, money don't bend
Root of all evil, guess my bank is full of sin
Couldn't be a suit and tie, tired of barely paying rent
Told them fuckers I'm doing numbers, so take it on the chin
Metabolism quick, so it's hard to see what I'm eatin'
Going on retreats and rollin' sweets while I'm tweetin'
Paradise for a weekend, then I'm back in the trap
Never dealt with any drugs, still the Task's on my back
Money on my mind, everything's strapped
You kiddin' and playin', I teach a class how to act
Somebody tell Youtube I prolly need a plaque
Couple hundred thousand views, and I did that on my Mac
'09's mine, '08 was great
They honored Kanye and paid Lil Wayne
Gucci did a bid, but came home and got straight
And every nigga in the biz did a song with T-Pain
No front page, but for those who did
I send 'em my best wishes, the industry's a bitch
That's why I'm on my shit, new luggage and a flip
Shooting movies all my life, no script, no script

Yeah

It's Young Khalifa, man
