

# Wiz Khalifa, No Time

Niggas checkin' on, niggas checkin' on  
I've been drinkin' a lot of alcohol, right  
Niggas drunk, right  
(La música de Harry Fraud)

Play the game the way the game's supposed to be played  
No time for haters, gotta make that paper  
Play the game the way the game's supposed to be played  
No time for haters, gotta make that paper

Uh, joint rolled, cup filled  
No luck, just skill  
Homie I prayed for this, gotta work every day  
All work but still make time for a little bit of play  
Hit me, say she on the way  
Man I'm livin' what these lil' motherfuckers dream  
Either you in or you out, ain't no in between  
I put my soul on the track, so my son could eat  
And we gon' get that money back if I'm on the beat  
I'm hella cool but don't relax when it come to cheese  
We by the pool but don't get water on my shirt please  
My '61 is clean, there ain't a spec on my seats  
Stay workin' out but I can't lie my pockets obese  
Come pay that toller fee

Play the game the way the game's supposed to be played  
No time for haters, gotta make that paper  
Play the game the way the game's supposed to be played  
No time for haters, gotta make that paper

Cut off vintage tees, Versace bed sheets  
I gave her a [?], she said it was a breeze  
Know we could make it grow, soon as we plant the seed  
We doing the brighter side of things we overachieve  
I'm givin' niggas game, givin' the valet keys  
You look good but I'm the only one you tryna please  
Multiple old schools, some for style, some for speed  
I got chicks tryna pay me first time we meet  
You stick to the plan, watch our paper increase  
I got your body, soul and mind, just to say the least  
I got you all up on your grind, tryna save your seat  
You 'bout the money all the time, that's the way to be

Play the game the way the game's supposed to be played  
No time for haters, gotta make that paper  
Play the game the way the game's supposed to be played  
No time for haters, gotta make that paper
