

Wiz Khalifa, PAID FOR IT

God damn
I became the man
Niggas try to copy our moves
But they can't do it like Cam
Runnin' through them grams
'Nother couple grand
Gotta work hard if you really want it
But they don't understand
Got to stick to the plan
Got to take care of fam
Gotta do it when everything inside of you tells you that you can't
Gotta go so hard, shine in the dark cause your future's brighter man
I'ma grind until I reach the top
We stay hungry, no no, we won't stop
Still remember all my niggas on the block
Pistolvania that's where we come from
We don't need no guns, no moe'

We paid for it
We paid for it
We ain't never fallin' off cause we was made for it
We paid for it
We paid for it
We ain't never fallin' off cause we was made for it
Jump out the plane, jump out the plane
And I got paid for it
Jump out the bed, jump out the bed
And I got paid for it
We paid for it
We paid for it
We ain't never fallin' off cause we was made for it

I remember when they used to hate on us
Now we see 'em at every show
My daughter miss me, she face time me
Like dad when is you comin' home
Boy you don't know what I go through
Just to get [?] by coastal
I'm used to being on that block
Like boy I'm Shaq with them post moves
We Gang Gang forever
I'ma know your boy forever
So to all my niggas, no forever
We been at this shit forever
We came up together
Boy you don't know about my life
Hit the fourth every night 'round here
For when the families don't sleep right
Now look how far that we came
I just hope you know the lovin' never change
(I just hope you know I still love you)
So don't you get that actin' strange
Baby every bottle Taylor Gang

We paid for it
We paid for it
We ain't never fallin' off cause we was made for it
We paid for it
We paid for it
We ain't never fallin' off cause we was made for it
Jump out the plane, jump out the plane
And I got paid for it
Jump out the bed, jump out the bed
And I got paid for it

We paid for it
We paid for it
We ain't never fallin' off cause we was made for it
