Them bitches hit the ground  
Then bring it back up  
She bringin backup  
Put em in that black truck  
So many hoes they lapped up  
My niggas leanin

Just look at how she drop it

She need her own show  
Slide on down that pole and grind slow  
Hell no I ain't countin my dough  
I came to blow it all  
And get some brains trynna find miss know it all  
And I got my cup filled you see how them bucks peel  
Young pimp see how grab me up and chicken just chill

(Hook:)

In the back of the club  
With a stack full a dubs  
Drop it low like a pro  
Bring it back that's what's up  
All my dogs up in here  
Plus there's hoes everywhere  
Niggas stunt like you don't care  
Throw that money in the air and say yeah (yeeeeaaahh)  
Throw that money in one hand and say yeah
