

Wiz Khalifa, Tequila Shots In The AM

Yeah

And if you can't smoke weed to it, I don't wanna listen to it

(Uh) As the world keeps spinning
Keep turning these girls to women
Keep driving these cars and keep fucking these stars, I guess that's the world we live in
Young niggas with executive decisions
Turn on the TV and see us winning
They wanna be me, I just wanna be free
Never heard 'em talk cheap, fuck a bad bitch to sleep
Take Tequila shots in the AM
Give you a play by play on how to get this paper
I gettin' big, changed the gate code on my neighbours
Catching plays in the studio for days
Baby girl, come through, hook me up a plate
I've been grinding and my niggas on the same page
Walking up and gettin' to it
Trees grinded and pressed
Not a role model but I speak my mind
Doing more than what you're thinking
In the studio, blowin' O's, but our minds on the future tho'
Brainwash a couple bitches, bring 'em to the show
Take 'em to the crib, let you hit a switch, it ain't 'bout shit
Talk it up, then live it out
Smell the aroma when I park the car and get up out
And go the way you niggas drove
I get a bitch I barely know
Get her home
Don't want mamosas, she want Tequila shots in the AM
Give you a play by play on how to get this paper
I'm gettin' big, now them niggas sayin' we major
Rollin' J's on the beach, catching rays
(Hmm, yeah)
