

# Wolf Parade, Modern World

I'm not in love with the modern world  
I'm not in love with the modern world  
It was a torch driving the savages back to the trees

Modern world has more ways  
And I don't mention it since it's changed  
While the people go out and the people come home again

It's gotta last to build up your eyes  
And a lifetime of red skies  
And from my bed the sound of your haunted hissing in my bed

Modern world don't ask why  
Cause modern world will build things high  
Now they house canyons filled with life

Modern world I'm not pleased to meet you  
You just bring me down  
Modern world I'm not pleased to meet you  
You just bring me down  
Modern world I'm not pleased to meet you  
You just bring me down  
Modern world I'm not pleased to meet you  
You just bring me down
