

Wolfmother, Pleased To Meet You

Love attacker, she's a cracker
She'll be living on her shelf
Can't defeat her, can't beat her
She's been off and on herself
Love Attacker, Shes a crack girl
She's been living on her own
Gonna beat you, gonna meet her
Gonna give it on her own

All that you know fades away
All that you know fades away
Ahahaha

Pleased to meet you, wanna greet you
Then I'll take you on my way
Love Attacker, shes a cracker
Then she'll put you on the shelf

Shes gonna beat you, gonna meet you
Then im gonna buy me a job
Love Attacker, Shes a crack girl
Shes gonna put you on her mound

All that you know fades away
All that you know fades away
Ahahaha

I'll give you anything
If you want anything
I'll give you anything
If you want anything
I'll give you anything
If you want anything
