

# Wolfsheim, Annie (early version)

and you're sitting in your room  
enjoying entertainment  
and you're watching tv  
colours bright and so enchanting

you couldn't be near her  
wouldn't hear what annie says  
when annie's sad  
you couldn't be near her  
wouldn't hear what annie says

and your waiting for your daily thrill impatiently ...  
to collect it for your private horror show  
and you're watching moving shadows live instead of you ... and you ...  
you don't know that annie's living next to you

jesus christ we love you so  
since we saw your tv-show  
suicidal tendencies, but no will to interfere  
feel it coming over you ... indifference ... indifference ...  
choosing channels watching news  
ignoring annie's point of view

you couldn't be near her  
wouldn't hear what annie says  
when annie's sad  
you couldn't be near her  
wouldn't hear what annie says

you couldn't be near her  
wouldn't hear when annie laughs ... when annie laughs  
you couldn't be hear her  
wouldn't feel that annie ... annie ... annie loves
