

# Wolfsheim, I Won't Believe

I won't believe every lie  
just 'cause you said you're mine.  
I won't believe that your heart's  
been cheating from the start.  
I won't believe it's just a game.  
I won't believe it's just the same... again.

I won't believe... you could be far away  
but staying on my mind.  
I've to believe... at last, there won't be  
anything that's left behind, my friend...  
I understand, that you just saw  
the signs, but not their sense  
and laid your trust in me... I won't believe'

I won't believe...  
that you will be there at all...  
you know... that I believe...  
this is what a friend is for...  
I said I won't believe, but then...  
I understand that you could see  
the signs but not their sense...  
don't lay your trust in me...
