

Wolfsheim, I Won't Believe

I won't believe every lie
just 'cause you said you're mine.
I won't believe that your heart's
been cheating from the start.
I won't believe it's just a game.
I won't believe it's just the same... again.

I won't believe... you could be far away
but staying on my mind.
I've to believe... at last, there won't be
anything that's left behind, my friend...
I understand, that you just saw
the signs, but not their sense
and laid your trust in me... I won't believe'

I won't believe...
that you will be there at all...
you know... that I believe...
this is what a friend is for...
I said I won't believe, but then...
I understand that you could see
the signs but not their sense...
don't lay your trust in me...
