

# Woody Guthrie, Hey Lolly Lolly

Hey lolly lolly lolly  
hey lolly lolly lolly low

A married man will keep your secret  
a single boy will talk about you

A playin' man will keep your secret  
a quiet man will talk about you

Well, a married man's an easy rider  
a single boy gets all excited

Single boy walks up and down the street  
Married man's in his stockin' feet
