

# Worlds Apart, When It's Christmas Time

I still believe  
Once a time will come  
When love and peace  
Are no more just single words  
I still believe  
Even if it`s hard  
That our minds must change  
For a better world  
So if you believe  
In what it`s worth to give  
Then one day  
We will come together as one

Chorus:

When it`s christmas time  
You lay your hands in mine  
(I know) the world  
Has got a place for all  
Again it`s christmas time  
A million stars will shine  
(And I wish)  
We`ll never be apart

-Baby...

Don`t you know it`s christmas  
Don`t you know  
It`s christmas for all  
All around the world  
Thank god it`s christmas  
I wish you a merry christmas  
I still believe  
Somewhere there`s a place  
For me and you  
A place where love is true  
I still believe  
Evev if your love is gone  
There`ll be an angel  
By your side  
You`re not alone  
Chorus...
