

# Wynn Stewart, After The Storm

Heaven knows we've seen the storm clouds gather  
And it looked just like our world was gonna end  
Yes we've touched the thorns of life now we know better  
And we're more in love now than we've ever been

After the storm comes the sunshine  
The clouds are gone and the world is tame  
Into each life there will be showers  
But don't the world look brighter after the rain

The sweetest love is when we're back together  
And it looked just like a second honeymoon  
Yes we fought the storms of life now we know better  
And the rain just helped to make the roses bloom

After the storm comes the sunshine...  
Don't the world look brighter after the rain
