

# Wynn Stewart, Big Big Love

Can't you tell my love's a growin' can't you feel it ain't showin'  
Though you must be a knowin' I've got a big big love  
It's not the kind to be concealin' just the kind to be revealin'  
It's not a little bitty feelin' I've got a big big love

I think it's time we done some walkin' I think it's time we done some talkin'  
Well there's a great big moon above but we've got a big big love  
This is not infatuation this is a true love sensational  
It's not my imagination I've got a big big love for you  
( steel )  
Can't you tell my love's a growin'...
