

# Wynn Stewart, Don't Lay Your Head On My Shoulder

Don't lay your head on my shoulder  
Cause I've been lonely too long  
And there's a part missing from my heart  
And if you won't let me how can I be strong

Don't get so close I might kiss you  
A flame would be easy to start  
And don't lay your head on my shoulder  
Cause it's too close to my heart  
( steel )  
Oh don't get so close I might kiss you...  
Cause it's too close to my heart
