

# Wynn Stewart, Just Now Thought Of You

Just now thought of you for no reason  
My thoughts just wandered back to me and you  
Just now thought of you for no reason  
It's been a long long time since I've lost you

I wish my thoughts would just move on  
To a different time and place and leave old memories alone  
Just now thought of you for no reason  
It's been a long long time since I've lost you  
( fiddle )  
I wish my thoughts would just move on...  
It's been a long long time since I've lost you
