Wynn Stewart, Just Now Thought Of You

Just now thought of you for no reason My thoughts just wandered back to me and you Just now thought of you for no reason It's been a long long time since I've lost you

I wish my thoughts would just move on
To a different time and place and leave old memories alone
Just now thought of you for no reason
It's been a long long time since I've lost you
(fiddle)
I wish my thoughts would just move on...
It's been a long long time since I've lost you
