

Wynn Stewart, Yours Forever

Yours forever as long as I live
My heart is yours with all the love I can give
And I'll never hurt you darling no never
Cause I belong to you I'm yours forever

Yours forever and so much in love
Without you I'd be like a lonely sky with no moon up above
The world may stop turning but we'll still be together
Cause I belong to you I'm yours forever
(steel)
The world may stop turning...
