

# Wynonna Judd, What It Takes

I wanna walk  
To no particular destination  
I wanna talk  
When I got the inclination  
I wanna move  
When I got the locomotion  
I gonna do just what it takes  
To keep this smile on my face

I wanna drive my car  
Wherever they're driving faster  
I wanna sail the ship  
As long as I can be the master  
I wanna ride the rails  
On my own roller coaster  
I gonna do just what it takes  
To keep this smile on my face

(Chorus)

I was born to be this way  
Never save for a rainy day  
I just like to make it my own way  
I wanna be the first to say

Don wanna work real hard  
If it means that I ain't livin'> Don wanna go through life  
If there no room for gettin'> Don wanna stand here long  
If it just means I'm a waiting  
I gonna do just what it takes  
To keep this smile on my face

(Repeat Chorus)

Don wanna change my ways  
If there ain no good reason  
Don wanna change my mind  
Without any rhyme or reason  
Don wanna be one way  
I got to change like a season  
I gonna do what it takes  
To keep this smile on my face  
I gonna do what it takes  
To keep this smile on my face
