

# Wynter Gordon, Surveillance

Talking

I don't understand

What did i do to make you so suspicious of me?

I've been faithful

See...

If you can't back up

You can leave!

Verse 1

You can't expect to rope me like your others

Waitin' to catch me so you watch me close

You need to take me from under your microscope

Trust you won't find nothing...there's something

If you're not careful I'll be M.I.A.

Stay double checking, why you so suspicious of me?

This paranoia about to make me make you vacate

That's what I said, yeah that's what I said

Chorus

All in my way-ay-ay

In my spa-ace

Dealing with your head-aches

Giving me a head-ache

I can't take it

Give me my privacy

Fall back and let me breathe

Don't keep me under surveillance

Verse 2

I'm on your radar, there's no escaping your range

There's no mystery, there aint no case to solve

I'm not the enemy, I'm on your side could you

Quit searching, let down your guard

If you're not careful I'll be M.I.A. (M.I.A.)

Bridge

(Why you keep me under)

Why you keep on surveillance (Oooh)

Why you watching all the time (Oh oh ooh)

Through the night

Can I get some room

Can I took your mind??

Why you keep me on surveillance (Can I)

Why you watching all the time

All the night

All in, all in, all in, all in..
