

X Japan, Stab me in the back (original version)

I'm having sex,
I'm coming now,
I'm having sex excite me to shout,
lick pens erect,
taste me alive,
lick pens erect,
pet more violently.
Don't you give me more, to the last.
I can't get enough, oh yeah!!!
I'm on ...
I'm getting drunk.
I'm on... let me go mad.
You are flogging my head,
you are splitting me.
You are flogging my head,
take me to the task.
Don't you give me more, to the last I can't get satisfied
I can't take this time,
stab me in the back.
I can't take this time,
chase me into hell.
Light up my fire,
(bask in blood)
dripping from your heart.
Destroy this world
