

X-PERIENCE, Game of love

Its just one year ago
That Ive met you at the show
You were the clown
I was the fool
Right now its vice versa
And I know its because
Youve always been
The fool for me
Refr.:
Do we feel the same way
Or do want to play the game of love
On and on
You took me to a bar
To tell me who you are
You never know
What you want
And you want me for good
Just if youre in the mood
To spend the next
Night with me
