

X-PERIENCE, Journey of life

A journey takes a lifetime
every single day goes by
were on a trip with no time
to rest before were old and die
and our life is like a river
is like river of no return
the journey of life is a trip to the sky
it starts when youre born
and it ends when you die
it takes just a lifetime to get to the end
the journey of life is about to begin
the journey of life is a trip to the sky
it takes you from heaven to hell and to sin
the journey of life is about to begin
were riding on a road to nowhere
life is a one way ticket, babe
so hurry, ill take you with me
life is a long trip worth to take
and our life is like a river
is like river of no return
