

X-PERIENCE, Secrets

Wake me up, im dreaming
I want you to know
Its dangerous
To know everything
About my dreams
I want you to know (2x)
Its dangerous
Hold me when im falling
Im falling in love with a princess
The kind of the dreams
Tries to catch me
Im running away
I try to escape
Into the next day
I tell all the secrets
I try to keep
When im dreaming
When i talk in my sleeps
The kind of dreams and nightmares
Will hold me in his arms tonight
But hes just a fool
He cant catch my soul
He cant kill my soul
