

Xandria, On My Way

I'm on my way
To the places only you have seen
So far away
Show me places where I've never been
Come touch my soul
You're here to fill this life of mine
Take my control
This Midas touch is all divine

I am your light
The keeper of the flame
You are the night
Causing sweetest pain

And I feel
It is real
Nothing I can hide inside
A spirit took me back to life again
And I see
Forgotten's what I used to be
A new born soul
I'm on my way

To where all dreams whisper your name
I'm yours to take
Made in heaven, not in vain
In your dark eyes
Lies the suffering of my pride
Look at my tries
To fight this longing I can't hide

You're what I need
Got me out of mind
You will take the lead
Forever, I'll be blind

And I feel
It is real
Nothing I can hide inside
A spirit took me back to life again
And I see
Forgotten what I used to be
A new born soul
I'm on my way

Once I thought this could not happen
Solitary
My soul
Now gone astray

And I feel
It is real
Nothing I can hide inside
A spirit took me back to life again
And I see
It is real
Forgotten what I used to be
A new born soul
I'm on my way
