

# Xavier Rudd, 9 Times A Day

Well they dance with my mind  
through these traits undefined  
you and you and you alike  
well you all seem to

Blow me away  
Nice times a day then  
By the tenth time  
I'm drifting away  
And you all gather in my brain  
And you dance with my mind

I like to intercept your trance  
Dissect the stories that you share  
While all the rhythm feeds my soul  
It all swells up and

Blows me away  
Nine times a day then  
By the tenth time  
I'm drifting away  
And you all gather in my brain  
And you dance with my mind

You blow me away  
Nine times a day then  
By the tenth time  
I'm drifting away  
And you all gather in my brain  
And you dance with my mind

Well they dance with my mind  
through these traits undefined  
you and you and you alike  
well you all seem to  
you dance with my mind
