

# Xavier Rudd, Let Me Be

Oh oh, Let me be now  
Hmm hmm, let me because  
I want to be free now  
Oh oh, free to see, yeah well  
Want to walk away, oh oh  
Let me feel my feet  
Let me be, free

Time and time and time we see these  
Acts against humanity, well,  
Each for each and each will be then  
Shed blood for what they each believe, well  
On and on and on we go well,  
Some will you see and, some won't be  
True for you and truth will lead you  
To a sense of, well now, peace

Let me be now  
Hmm hmm, let me because  
I want to be free now,  
Oh oh, free to see, yeah well  
Want to walk away, oh oh  
Let me feel my feet  
Let me be, free

Time and time and time we see these  
Acts against humanity, well  
Each for each and each will be then  
Shed blood for what they each believe, well  
On and on and on we go well  
Some will you see and, some won't be  
True for you and truth will lead you  
To a sense of, well now, peace

Let me be now

Hmm hmm, let me because  
I want to be free now  
Oh oh, free to see, yeah well  
Want to walk away, oh oh  
Let me feel my feet  
Let me be, free

Wanna be wanna see would you let me go  
Let me be now, hmm hmm, let me be  
Wanna be wanna see would you let me go  
Let me be now, hmm hmm, let me be-cause  
I wanna be free  
Oh, I wanna be free  
Yeah I said, I said, I said, I said  
Free free now, free to see  
Oh, cos I, wanna be free
