

Xiu Xiu, Rose Of Sharon (Grey Ghost Version)

It's light outside when you finally see
The quiet failure sleeping next to you
Don't think, don't try don't rush away
When I say you deserve less
You try so hard
To be as sweet as you can for me
But I won't see you for who you are
Rose of Sharon in my failing light
Ring less finger
Pretend you don't know
How you stand it
Cuz you know you are nobody
