

Xzibit, Focus (Lakers Victory Remix)

(Vocoder Box)

Never understood how we did it,
How we made this music groove your very soul.

(Erick Onasis)

Yo! I'm at the game
In a rented V-12 Benz outback
Going to see Shaq
Inside twenty thou', Whoa!
Is he the best in the NBA? Right now.
Lakers no joke
Aint nothing funny
Shaq dunked on Dale Davis
Making 'em a poster bunny (Yeah!...Yeah!)
That is the basics
Kobe Bryant in the Matrix
High flying over Rik Smits
On any court
Lakers dominated the sport
Cause Mark Jack' ain't doing jack
Don't get confused the NBA rules
Pacers can't incorrect and got abused
I bring ruck to any team bringing drama
Make 'em feel it, like 2 Pac's & "Dear Mama"
Yo! Shaq attack...He's back
The Lakers be all the way and that's that...Uhh!

(Vocoder Box)

(Dj Quik)

Erick Sermon...Xzibit...and guess who?...
Ay! Tell me what you get when
The Lakers, Xzibit, the game get down with the E Double?
You get Kobe trouble
Shaq make the court bubble (Make it bubble)
Rock the ? so hard you shake they break out to the ground
And dig 'em out of B rubble, partying
Happy that you shook the whole crib
And when y'all win the title this year, I got dibs
Cause this is how we do it here
It's ironic that y'all done stepped into a room
Of purple-yellow chronic
Fat booty women sparkling
Trying to take you to a star
Trying to get Fox to recognize they know who you are (Say What!)
Can't you see the purple carpet, they lay it out
And if you got a fantasy Fisher they play it out
We big ? balling dudes; from the gate
We been waited on and hated on since eighty eight
Now cross my team and cross my path
And we go get y'all way down
From the Staple Center and I betcha that...

(Vocoder Box)

(Xzibit)

Yeah!...Ha!...Yeah!
Ladies and Gentlemen, I presented to you
Yeah!...Mr. X to the Z, Xzibit...Yeah!
Los Angeles Lakers...C'mon!
Bouncing'...Yeah!
Y'all gonna take it all the way, Baby!...Yeah!
Listen...Look...Uhh!
I'm the spin doctor, Phantom of the Opera

Los Angeles Lakers would break 'em off proper
Shootblocker, take a couple of 3's and a free throw
Shaq go for the slam and smile for the people
Rick Fox, big shoots like a buglers pick locks
And when we put it down
Make the crowd get loud, wanna act wild
Indiana slow your pace down, Look at you now
Just pack it up and go into town
Spice your mouth, Y'all still all chickens
Extra points like a field goal kicking
You could hack Shaq all day
But y'all still ain't wining
Xzibit walking away with the champs
With y'all team is cheap in the stands
Give it up to the fans
And it's going off in the stands
Kobe's the man
Jackson be the man with the plan
So listen: The Jell-O is giggling', the butter was hard
Put it down for this Lake Show Champion Squad...You Know!

Yeah!...Uhh!...Give it up Los Angeles
Uhh!...Lake Show...Yeah!
