

Xzibit, Paparazzi (With Adds)

Intro

Yes,

1996, marks the beggining of a new era once the Disfunctional member of the Alkohaiks family

It's XZIBIT, Bring it live, one time, like this

Sometimes I wonder if it's all worth my while

Xzibit stay versitile

with Million Dollar lifestyle

and I can feel it as a child growin' up

the bruthaz that were real and the bruthaz that were scared too fuck

that's why Xzibit only roll with a chosen few

You ain't really real, I can tell when I look at you

So ease off the trigga talk, you ain't killin shit

it's not affecting me or the clique that I'm rollin with

I don't believe the hype or buy a Woof ticket

Nigga you make a gang of noise and never sing like a cricket

I guess that's why we never kick it

a lot of rappers are soft and get tossed tryin to come through the liquid

How many rappers do you know like this?

Also claimin that they're riding but they really aint shit

It don't make sense

Either you're a soldier from the start

or an actor with a record deal tryin to play the part

like that

It's a shame

you only in the rap game

only for the money and the fame

EXTRA LARGE

It's a shame

you only in the rap game

only for the money and the fame

Paparazzi (2x)

I don't need no lights no cameras

All I got is action

never no superstar say that for Michael Jackson

so my composure is kept while others start to sweat

A merchant from the fog with my fucked up dialogue

try to live high on the hog leaves you bankrupt

and niggaz you spent it on, would not give a fuck

now that's deep, how deep, It's deeper than Atlantis

Home of the scandalous

Big Bad Los Angeles

Dangerous, Vandelous

Yo, not to be trusted

purpetrate like you hard

not being scared by the boulevard

I'm pulling no cards and sayin Gin

as i begin

flowin like liquid, so take it to ya chin

I'm breakin it down, ma sounds , so crowds are like deaf

from the West

puttin your whole city to the test

it's all in perspective

Breaker one-nine copy

this is for the people gettin caught up in the Paparazzi

It's a shame

you only in the rap game

only for the money and the fame

EXTRA LARGE

It's a shame

you only in the rap game

only for the money and the fame

Paparazzi (2x)

Niggaz smoke stress and cross dress

but Xzibit just play the back

others going through schemes and pipe dreams
for a contract
real tightly rolled, fuck 'em all is how I feel
I made a cool half mil
before I had a record deal
there for you look and stare like it's magic
but too much of anything can make you an addict
whenever it's time fo static, bring out the automatic
I set it off straight, I spread hate, then I vacate, but wait
who dare to cross this path
yo, Xzbit built to last
cut slash, make a blood bath
so on behalf of all da playas I get drunk with
smoke a lot of blunts with
I dispose of your punk shit
keep it all in perspective
Carbon Copies gettin caught up in the Paparazzi
Once again, Its the liquidation crew, and we return for you
like this
It's a shame
you only in the rap game
only for the money and the fame
EXTRA LARGE

only for the money and the fame
